Stockholm, Sweden

PROFILE

Technical Producer with 7+ years across different stages of product development and game technology development. Background in psychology, stakeholder management, systems design and cross-functional leadership – managing diverse engineering and creative disciplines from game engine and SDK development to full AAA game technology production. Brings a rare perspective, bridging Nordic games development expertise with deep knowledge and roots of the East Asian and Southeast Asian markets and player culture, and the drive to build something at that intersection.

EXPERIENCE

Technical Producer – Unannounced AAA Title

Avalanche Studios Group Oct 2025 - present

- Managing cross-functional team, spanning from Technical Art, VFX, Lighting, Systems Engineering, Rendering, Tools Development, Developer Services, and Build Engineering.
- Driving production planning, milestone tracking and deliver across a large-scale AAA game project with high-stake publisher
- Bridging creative and technical disciplines to ensure cohesive team direction and output quality

Technical Producer – Apex Engine

Avalanche Studios Group Nov 2022 - Sep 2025

- Led production for Apex Engine development, Avalanche's proprietary AAA game engine, managing 20+ direct reports of engineers across animation, audio, rendering, physics, network and runtime domains.
- Introduced adaptive Scrum methodology to a team resistant to change, transforming team cohesion and delivery - recognized by Technical Directors from the game projects that utilizes Apex Engine
- Bridged communication between Central Tech and game project teams, resolving long-standing collaboration challenges
- Supported platform releases and third-party middleware integration across Xbox and PlayStation
- Selected as a conference speaker at Gamescom Asia x Thailand Game Show 2025 on team leadership and production turnaround.

Developer Partner Manager

AccelByte Inc Mar 2022 - Oct 2022

- Led solution architecting, system design and client relationship management across enterprise accounts including Sony Interactive Entertainment, Remedy Entertainment, Stray Bombay, FuzzyBot Games, and Teravision Games
- Produced AccelByte Demo Game with cross-platform multiplayer on Windows, PlayStation 4, PlayStation 5, Xbox One, Xbox Series X, Nintendo Switch and Android.
- Produced AccelByte Tutorial platform that goes together with the Demo Game release
- Mentored interns and led onboarding processes for new hire

Contracting Producer for WB Games San Francisco

AccelByte Inc Aug 2020 - Aug 2021

- Cross-managed engineers from AccelByte and Warner Bros Games San Francisco on a non-disclosed project
- Managed overall project planning, milestone completion and deliverables
- Gatekept product quality, conducted User Acceptance Testing and contributed to product design, development and improvement.

Contracting Producer for Bandai Namco North America

AccelByte Inc Sept 2020 - Jun 2021

- Cross-managed engineers from AccelByte and Bandai Namco Entertainment America on a non-disclosed project
- Managed overall project planning, milestone completion and deliverables
- Gatekept product quality, conducted User Acceptance Testing and contributed to product design, development and improvement.

Technical Project Manager & Product Owner**AccelByte Inc** Jan 2020 - Mar 2022

- Owned product strategy, roadmap, and backlog management across SDK and developer tooling workstreams, including Data, Analytics & Game Telemetry, Load Testing, and the Developer Experience Team
- Shipped Unity, Unreal Engine 4 and 5, Golang and Python/CodeGen SDKs; owned documentation strategy and quality gatekeeping
- Produced AccelByte Demo Games (Unity and Unreal Engine 4) shipped across Steam, Epic Games Store, Microsoft Store, and playable in PC, Xbox Series X, PS4, PS5, Nintendo Switch plus integration across game engines.
- Identified and mentored a Technical Writer into a Technical PM role, who later managed key client relationships

Associate Technical Project Manager & Product Owner**AccelByte Inc** Oct 2019 - Dec 2019

- Acted as a Project and Product Manager for AccelByte's website, documentation and blog revamp project

Technical Recruiter**AccelByte Inc** Oct 2018 - Dec 2019

- Helped grow AccelByte from ~25 to ~110 employees, competing against Indonesia's top-funded unicorns on culture and mission rather than salary
- Rebuilt recruitment processes from scratch, redesigning candidate experience and cultural assessment frameworks
- Prioritized growth mindset and culture fit over raw performance
- Pitched move into production directly to CEO

EDUCATION

Bachelor of Psychology (GPA: 3.90)**Universitas Semarang****2014 - 2018**
